Title: Unit 1
Photography
Independent Project

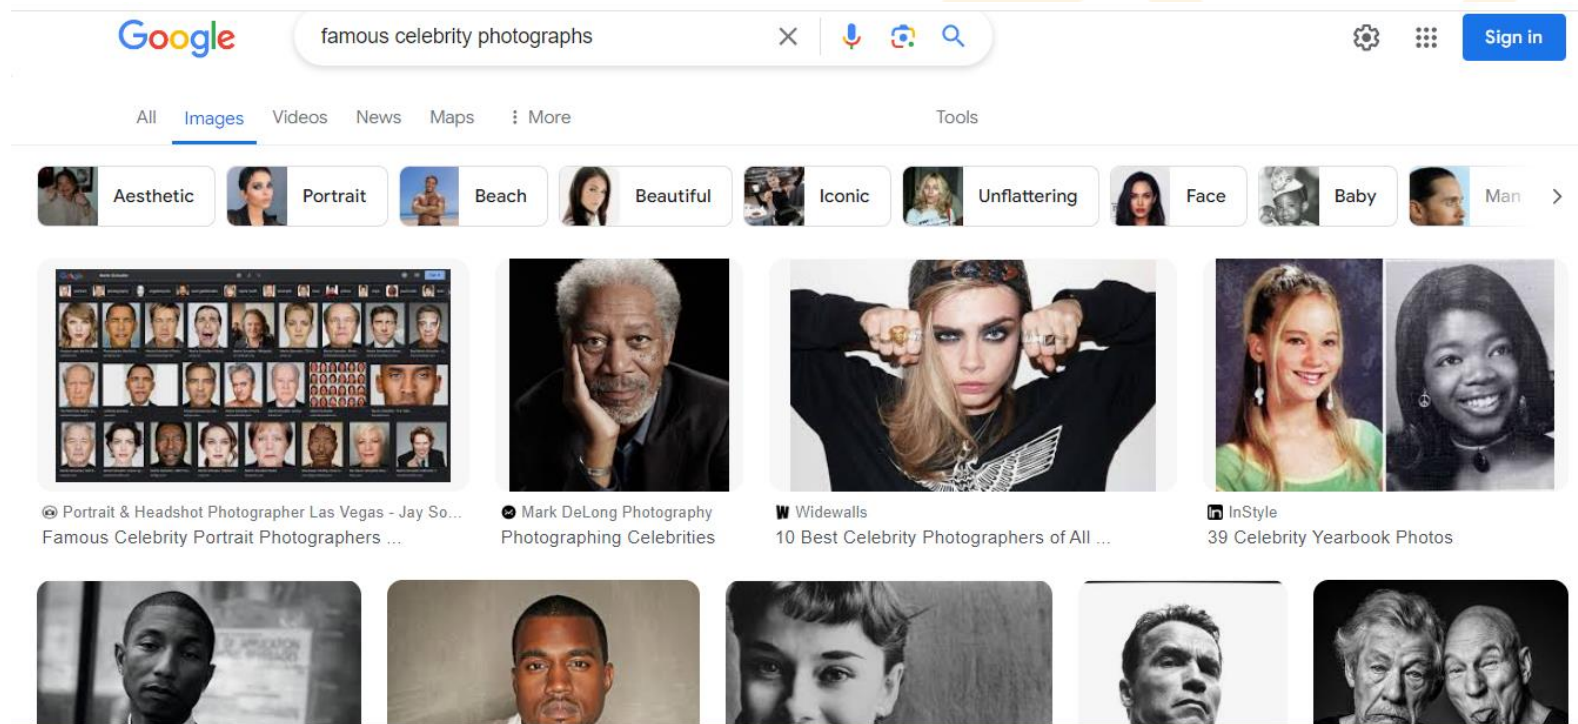

Adding primary photographs to my work

Proud to be part of
Consilium
Academies

I can use images off the internet for my whole project. Discuss...

Incorrect – you must use primary source images in your book to gain a grade 5 and above.

- To experiment with the DSLR camera to create a selection of primary source photographs
- To present a series of photographs that you critically analyse for purpose

Creating a contact sheet

Take a range of photographs – consider different angles, zooming in and out and different compositions

Add a contact sheet page into your PowerPoint showing all the photographs you have taken – good and bad.

Keywords: composition, layout, scale, focus, detail.

Creating a contact sheet

IMG 9936 – great composition and scale

IMG 9937 – balanced image with good composition

IMG 9941 – zoomed in on detailed focussed area

IMG 9939 – scale is too small

IMG 9943 – blurry and too close

IMG 9944 - blurry

Annotate the photographs identifying good and bad images.

Explain why they are good/bad.

Keywords: composition, layout, scale, focus, detail.
